

Evolution of BIMS Contracts

As of September 2015 there are 14 active Interstate Maintenance Services segments

Seven Contracts follow a BIMS contract template which incorporates cost saving modifications while maintaining performance criteria specific to the service area.

I-66 Northern Va

I-495 Northern Va

I-64 East Williamsburg

Staunton South

I-95/395 Northern Va

I-95 Fredericksburg

Richmond South

Six segments are managed by VDOT and also follow the Contract template as referenced above.

Culpeper

Bristol

Salem

Richmond North

Hampton Roads

Staunton North

The Woodrow Wilson Bridge (WWB) Contract is unique in that it represents a partnership with the Maryland State Highway Administration.
